

Serial No. 08/485,438

**IN THE CLAIMS:**

Please amend the claims as follows:

Claim 12, line 2, delete "human-type" and insert therefor --human--.

Claim 13, line 3, delete "human-type" and insert therefor --human--.

**REMARKS**

The specification has been amended to include the correct continuing data concerning the parent United States and PCT applications. The claim to the benefits of these prior applications filing dates under 35 U.S.C. § 120 is set forth in the Declaration and Power of Attorney documents filed in this application.

Claims 12 and 13 have been amended to change the term "human-type" to "human" as requested by the Examiner so that the claim language is even more definite. This amendment was recommended by Examiner Moore in the Office Action.

The undersigned also notes that David Dripps was incorrectly named as an inventor of this application. The undersigned is in the process of gathering signatures on appropriate documents to have the inventorship changed.

Claims 12 and 13 were rejected under 35 U.S.C. § 112, second paragraph, as allegedly being indefinite for failing to particularly point out and distinctly claim the subject matter which applicants regard as their invention. Office Action at pages 2 and
